

Ma weet jaar ná ongeluk van baba se dood

5 Maart 2019 (<https://maroelamedia.co.za/2019/03/05/>)

Tania Heyns

(<https://maroelamedia.co.za/author/taniaheyns/>)

Shanei Norris, die 23-jarige ma van Vereeniging in Gauteng wie se babadogtertjie in Maart verlede jaar dood is toe hulle saam in 'n motorongeluk betrokke was, weet nou 'n jaar ná die ongeluk uiteindelik van haar kind se dood.

Tracey Norris, Shanei se suster, het Dinsdag aan Maroela Media gesê sy is verstom oor hoe Shanei se geheue oor die afgelope paar maande verbeter het. Soveel só, dat sy haar dogtertjie, Reanei, uit haar eie onthou het.

Dit volg nadat Maroela Media vroeër berig

(<https://maroelamedia.co.za/nuus/sa-nuus/ma-weet-nabotsing-steeds-nie-van-baba-se-dood/>) het dat Shanei se geheue ná die ongeluk so sleg was dat sy aanvanklik nie van haar een jaar oue baba se dood geweet het nie.

Hoewel Shanei al hoe meer kan onthou, het sy wel breinskade gedurende die ongeluk opgedoen en kan slegs sekere gebeure onthou. Sy het ook gevolglik die verstand van 'n klein dogtertjie, verduidelik Tracey. "Sy is nie die Shanei wat ons voor die ongeluk geken het nie. Sy onthou vir Reanei en is hartseer en huil, maar sy probeer ook om nie daaraan te dink nie.

"Sy was nog altyd borrelend, maar is nou éérs borrelend," vertel Tracey.

Shanei Norris staan in haar kamer in die versorgingsentrum. (Foto: Verskaf)

Shanei woon steeds in 'n versorgingsentrum waar sy healtydse behandeling ontvang aangesien sy weens haar breinbesering nie op haar eie kan woon nie. Hiér is Shanei omring deur vriende en maak elke dag vordering. "Sy loop al met 'n loopraam. Dit gaan maar nog sukkelsukkel, maar sy is darem nie meer in 'n rolstoel nie."

Tracey sê Shanei is al baie meer onafhanklik as vantevore en waar sy voorheen nie eens haar kamer kon kry nie, kan sy vandag haar weg in en om die sentrum vind. Sy het ook haarself geleer om uit die rolstoel op te staan en het op haar eie probeer loop.

"Ons eerste fokus ná die ongeluk was eers om Shanei weer te laat loop," verduidelik Tracey. Shanei se breinbesering sal nou aandag geniet en sy sal binnekort 'n breinspesialis en sielkundige spreek.

Tracey en haar broer, Mark Norris, neem Shanei ook gereeld vir **suurstofbehandeling deur middel van 'n Ozone-masjien**. Tracey meen dié behandeling help beslis met die gevolge van haar breinbesering. Sy verduidelik dat die masjien Shanei met suiwer suurstof behandel wat deur haar brein geabsorbeer word. Dit aktiveer rooibloedselle in haar brein.

Shanei wil graag huis toe gaan, maar in dié stadium is dit nog nie moontlik nie. Sy gaan wel intussen elke naweek na familie toe. “Daar is nog ’n entjie om te vorder voor sy sal kan huis toe gaan.”

Tracey is nietemin verstom oor Shanei se vordering oor die afgelope jaar. “Was dit nie vir die versorgingsentrum Park Care in Johannesburg waarheen ek en my broer haar gestuur het nie, sou sy nie gewees het waar sy vandag is nie. Sy sou nie kon loop nie.

“Ons was verpletter toe die ongeluk gebeur het. Maar ek het positief gebly en gesê Shanei gaan weer loop. Jou fokus bepaal jou werklikheid,” sê Tracey

Lung cancer

I would like to share our Testimony with you today.

My mother-in-law was diagnosed with throat & lung cancer in March last year. She only had 25% lung function left as the rest was already eaten away by the cancer.

Doctors advised us that at her age of 88 and due to the severity of her cancer, chemo would not help and we were sent home to make her comfortable & spend her last days with her.

We took her home and my wife, Salome continued caring for her as she's done for the past 27 years.

My sister –in –law brought her Aqua Ozone machine over and we started sterilizing her room and also to give her more oxygen, 3-4 times a day and above all we prayed over her, used mass and believed that God will heal her.

She weighed only 42kg (before photo) The next photo is taken a year later all due to Ozone, Faith and Prayer.

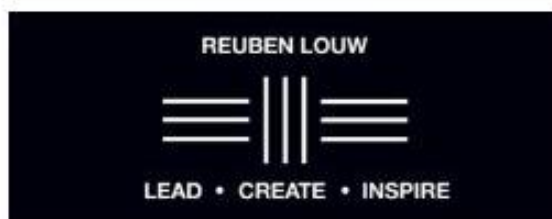

All glory to God our Saviour and healer

To Whom It May Concern:

TESTIMONIAL

A business partner informed me of the positive health impacts he experienced after using the Aqua O3zone – Elite. Based on his testimony I did my research on the benefits of ozone on the human body and was in the market to get one of my own.

I purchased the Aqua O3zone – Elite at the Homemakers Expo in Johannesburg and immediately started using it both in the bath and shower. I had injured my leg and needed to heal since I had to go on a long-haul international flight. Within a few days, my leg recovered to a great extent.

The first change I noticed was that I slept very well every time I used it in the evenings. The second benefit was that it dramatically reduced the amount of lactic acid in my muscles after intense physical workouts.

The fact that the plastic mat consists of a "user-friendly" BPA free plastic testifies that Aqua O3zone truly cares about its customers.

I highly recommend the Aqua O3zone for everyone who cares about their health.

Yours in health

More Energy

Hello Jaco , I am extremely happy with my Aqua Ozone.

Since we started using Ozone in March 2018, we haven't gotten sick once. We also have a lot more energy. I had a big back operation and I spend most of the day on my feet – which usually leaves me aching & drained but since I started using the Aqua Ozone Elite , I can-do all the housework an my own without any issues or pain .

Thank you for the follow up

**Sinus
Headache
Blood Circulation**

I can highly recommend the AQUA-OZONE.

After using it on a daily basis for only 2 weeks my oxygen count which has been recorded on a level of 35 for almost 2 years increased to 67!

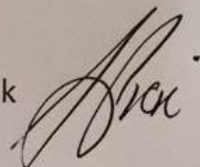

Due to circumstances I did not use it for a period of 5 days and immediately it dropped back down to 38. The first thing I noticed was that I awoke with a headache & once again my nasal drip was active.

The obvious conclusion was that it was necessary to use it on a daily basis but that it most definitely had a positive effect on my physical body is no maybe.

I have since also noticed that my blood circulation has improved with the noticeable absence of constant blood clots in my fingers.

Thank you also to Jaco who has not hesitated to give immediate assistance & support.

Sleeping Colds & Flu Muscle pain

What a wonderful machine. To prevent any runny noses and sniffles we place the generator in each room for 20min in the mornings and the evenings and voila no colds and flu. Myself and the children also use it in the bath 2 or 3 times per week in the evenings. The children are crazy about the bubbles.

The ozone elite have changed our lives. Our quality of sleep has improved dramatically we sleep until 7am in the mornings which is naughty but very lekker.

The pain in my husband's calves has disappeared within a week. In addition my headaches are far fewer. I think the benefits are endless. I take my machine everywhere with me.

Pneumonia

We purchased 3 Ozone Elite's, One for ourselves and 2 for our children. As a Doctor I administered the Flu jab and other medication to prevent flu and pneumonia. In spite of this I contacted double Pneumonia. I took further medication with no success. I started using the Ozone Elite sitting in front of the generator taking in the deep breaths of Ozone. I repeat this procedure daily and so far have been very healthy since.

Phlegm/ Breathing

The Aqua Ozone is a wonderful product to have in our house. For a short time that we as a family have been using the Ozone Elite we have experienced a huge benefit in my breathing, the phlegm has become loose and I can now perform at my work. I previously used intervenes ozone and that is why I trust ozone.

Shortness of Breath Energy Levels

I highly recommend the ozone elite to everyone with lung and sinus problems. My husband's breathing has improved dramatically since using the Ozone Elite. He no longer suffers from shortness of breath even though his lungs were damaged due to mine work. AND we have improved energy levels.

Thank you to the Ozone Elite Team, you definitely have had a positive impact upon our lives.

Headaches

To sum up, it is fantastic. We use the ozone elite every day in the bedroom to oxygenate the room before we sleep and over the weekends in the bath. The ozone elite work for us and we are considering investing in another unit for our children as a wedding gift. When I get up in the morning my head is clear and I no longer suffer from headaches with the need to take painkillers. We sleep far better than previously and we wake up energized. In addition, we no longer get colds and flus.

The product has been a tremendous investment in our family's health and we will be forever grateful

No longer requires an Oxygen Mask

Thank you Jaco. It has helped the Aunty tremendously. Previously she was on oxygen 24/7, and while she was sleeping she would dislodge the oxygen mask which was a problem.

She ozonates the bedroom 10 times a day for 20 minutes so she doesn't have to use the oxygen mask. She asks me when she gets flustered to switch on the generator for her.

I would highly recommend this system to anyone

Stay Healthy Sleep Better

Since we bought our ozone machine we have used it religiously every day. We haven't had flu since buying it and would definitely Recommend. The benefits of using one are phenomenal.

Don't wait to get ill... Buy one ASAP

You sleep better and it kills bacteria in the bedroom

We even take it with when we travel - bacteria in hotel rooms.

In 2013 we had a demonstration of an ozone machine (not Aquaozone) . Ozone made complete sense. The benefits are huge.

Then in 2015 we came across Aquaozone at Decorex in Durban. Listened to the benefits etc and walked on.

I then said to my husband "if one of us ever gets sick I will beg borrow or steal to get an ozone machine"

We turned around and bought it!! Prevention is better than cure

Pimples Sinus

Before I started using the Ozone Elite, I used to have very bad acne on my back and struggled a lot with Sinus.

But since I have used the Ozone Elite for a couple of weeks, , I started noticing a huge difference.

My acne has almost completely cleared up. I could stop using sinutabs and nasal spray, because my sinus problem was gone, and I also noticed that my sleeping patterns improved. The aqua Ozone has defiantly improved my quality of life.

Diabetic Type 2 Colds & Flu Wound healing

I am a type 2 Diabetic and have suffered constantly with poor circulation in my hands and feet particularly in the winter. Previously I suffered from colds and flu.

Living in the Cape especially in the winter I had constant colds and flu. This is no longer a problem since I invested in the Ozone Elite.

We have a friend who had a wound on her leg. She had been going to the Doctor two to three times per week for an Ozone treatment. We loaned her our Ozone Elite and the wound shrank to the size of a pinhead within a month.

I believe that the Ozone Elite is a "Silent Healer" and I will recommend it to everybody.

Diabetes Type 1 Blood Circulation Eye sight

I am 59 and have been a type 1 diabetic for 17 yrs. I have always managed my disease well. I have been using the Aqua Ozone since December 2018 and have noticed definite improvements.

1. My circulation is at least 30% improved so far. I notice this by the increased blood levels in my fingertips and the reduced swelling in my ankles.
2. As a blood donor, I can see how much healthier my blood looks, and I fill the bag in almost half the time it used to take me.
3. For the first time in 17 years, my eye prescription has remained stable, with a slight improvement in my right eye.
4. My energy levels and short term memory have definitely improved.

Gout Muscle Recovery Weight Loss

I have been using the Aqua ozone every day for close to 3 years now. It has helped me come off chronic gout medication (after 4 months) and improved my general health tremendously.

Headaches are 99% gone because of the daily detox effect the product has. It has helped me lose close to 40kg over the last 3 years. Because my body is being detoxed everyday all of my normal bodily system functions works as it should.

As a bodybuilder my muscles recover twice as fast.

It feeds the muscles quality oxygen, breaks down built up lactic acid and flushes toxins. The higher oxygen content aids in metabolising nutrients and breaking them down and getting them into the bloodstream that much quicker, thereby, speeding up the recovery process.

I would recommend the product to anyone no matter what age or state of health.

Tosillitis Postnasal Drip

My 5 year old daughter, having used the machine 3 times for 20minutes per session has recovered from Tonsillitis. The machine helped my pre-schoolers and myself with postnasal drip. I oxygenated the bedroom every day for 20 minutes using the generator alone.

I am becoming very attached to my ozone Elite system

Hi Chantelle,

Firstly apologies for my late reply! Life got super manic and I was on my way back to the UAE, your mail came in and I really did not have the time to reply.

I really do love using the machine every day.. If I don't take a relaxing bath... I have a shower with it every day, and I really just love putting the machine on in whichever room I am in, and "sterilising" it.... ! I can't get enough of the smell..... Also as we live with Air-conditioning, the house often smells "mouldy" I am very keen and interested to see how quickly that smell will go away..... If it will go away at all..... I have only just got back so will keep you posted...

Thanks again, and I look forward to hearing from you again.

Kind regards

Claudia

Arthritis Back Pain

As from a young age I have been suffering from Arthritis in my thumbs and wrists, due to an accident and an operation. My husband experiences a lot of back pain.

We use the Aqua Ozone dry on our bed while watching TV and I can honestly say that it does help with pain relief.

I am an accountant and I use my hands a lot and I have noticed that my thumbs and wrists aren't as stiff anymore and my husband can do karate and gym without suffering with pain every night.

I highly recommend the aqua ozone

Good morning Jason,

Once again thank you for your excellent / friendly / efficient service.

Our Aquazone Elite machine lasted 11 years without any services – money well spent – taken into consideration that we have literally used the machine every single day! We are thrilled about our new machine. We will stay Aquazone customers for life!

More Energy

Sinus

Sleep Better

I bought an Ozone unit in 2018 and have not regretted the decision. My husband and I use the unit in the shower on a daily basis and I also Ozonate our Bedroom at night before bedtime. The changes in energy levels, better quality of sleep and even my husband's sinuses are thanking him. We live on a farm and it's a very dusty area. The ozone device defiantly helps to reduce the amount of pollen and other allergens. We even take our unit with on vacation. I highly recommend. Its Changed our lives.

What do our Customers say?

Mrs Ludwick – Pretoria

I purchased my Aquao₃zone in September 2004 and I use it regularly. Since using my Aquao₃zone for **STRESS, BACK PAIN, and DEPRESSION** I feel like a new person again.

Lindsey Moore – Langebaan

All my life, as far back as I can remember, I have suffered with **CHRONIC HAYFEVER, SINUS and ALLERGIES**. After my second bath using the Aquao₃zone Elite, I could actually breathe freely through my nose. Day by day, my sense of smell is improving and I have no more headaches.

Mrs Uys

I have been an **ARTHRITIS** sufferer for quite a number of years. The pain was so severe that I could hardly get out of bed in the mornings. After using the Aquao₃zone Elite for only one month, I can gladly say that I get up more easily in the mornings. The pain has just about subsided completely. I can recommend the Aquao₃zone Elite

C Louw – Malmesbury

After having my doubts, I was surprised to see how safe it was to operate the Aquao₃zone Elite, even when bathing my children. I was amazed at the different types of oils – one for each ache and pain. I felt so **relaxed** after a 20 minute bath that I'd recommend the Aquao₃zone Elite for those who suffer from **sleepless nights**.

Maliaan Ellmann – Paarl

I've been suffering from **DEPRESSION** for two years and can't function normally. I've not been able to find the correct medication to treat my condition and have been institutionalized twice. At the time that I started using the Aquao₃zone Elite I had been on new medication for about three weeks and about a week after using the Aquao₃zone Elite developed side effects from the medication combined with Ozone. I consulted my psychiatrist and stopped using ALL medication. I continued by only using the Aquao₃zone Elite and a month later I'm functioning better than I have in the past two years. It is also fantastic to get my children to relax at least once a day and have fun with the enjoyable bubbles.

Mr Frank Horn – Potchefstroom

I spilled **ACID** on my body and suffered from terrible **burns**. After using the Aquao₃zone Elite for a short period of time, the improvement to my skin has been nothing short of amazing.

Mrs J Magtelena – Kuruman

I have suffered from terrible **HIP PAIN and BLOCKED SINUSES**. Since investing in the Aquao₃zone Elite I have had good results. I can recommend this unit.

Patricia Wilmot – East London

My husband and I used it, I was having **TUMMY CRAMPS and DIARRHEA**. When I got out of the bath, no more of either! So far that is the only startling result, but I shall let you know of any further improvements

Hi Chantelle. All good thanks ~ all our AquaOzone machines are at Ashers Farm Sanctuary being used to give oxygen to the animals because there are terrible viruses in the air killing horses all around us. There is still another few months to get through the season. They say 1000's of horses have been infected with 100's dead in our area, but ours are still doing great.

My mom is up and about again; the doc said he was amazed at how well and how fast she healed after she had fractured her knee.

The machines are great!! Thanks again and take care.
